

John Doe

123 Main Street

City, State 12345

Phone: (123) 456-7890

Email: johndoe@example.com

Objective:

Aspiring data scientist with experience in Python, machine learning, and data analysis. Seeking to leverage my skills to contribute to innovative projects in a forward-thinking organization.

Education:

Bachelor of Science in Computer Science

XYZ University, City, State

Graduated: May 2022

GPA: 3.8/4.0

Skills:

- Python (pandas, NumPy, scikit-learn)
- Machine Learning (Logistic Regression, Random Forest, SVM)
- Data Visualization (Matplotlib, Seaborn)
- SQL and Database Management
- Data Cleaning and Preprocessing
- Version Control (Git, GitHub)

Experience:

Data Science Intern

ABC Corp, City, State

June 2021 – August 2021

- Assisted in developing predictive models to analyze customer behavior.
- Conducted data cleaning and preprocessing on large datasets.
- Visualized data trends using Matplotlib and Seaborn.
- Collaborated with the data science team to develop a customer segmentation model.

Projects:

Predicting Customer Churn

- Built a machine learning model using logistic regression to predict customer churn for a telecommunications company.
- Achieved an accuracy of 85% on the test dataset.
- Created visualizations to interpret model performance and feature importance.

Languages:

- English (Fluent)
- Spanish (Conversational)
